

# Obtaining Evidence of Vaccinations for Health Care Workers and Students

## Evidence of Vaccinations

Evidence should be presented on the NSW Health *Vaccination for Health Care Workers and Students*, and include:

- Name of vaccine
- Date given
- Batch No. (where possible)
- Name & Signature of Vaccine Provider
- Practice Stamp from where the vaccine was given

## Evidence of Serology

- Original serology reports
- Exact transcription of results onto the Vaccination Card by an Authorised Vaccine Provider. Results must be recorded as numerical values or 'Positive/Negative' as appropriate
- Rubella will require the numerical result AND the pathologist's baseline figure used to determine immunity

### Vaccination Record Card for Health Care Workers and Students

Please refer to instructions overleaf

Personal Details (please print)

Surname		Given names	
Address			
State	Postcode	Date of Birth	
Email		Staff/Student ID No.	
Contact numbers (mobile)	(home)	(work)	

Vaccine	Date	Batch No.	Official Certification by Vaccination Provider (clinical practice stamp, full name and signature)
<b>Adult formulation diphtheria, tetanus, acellular pertussis (whooping cough) vaccine (adult dose of dTpa vaccine)</b>			
Dose 1			
Booster			
<small>10 years after previous dose</small>

Dose 1			
Dose 2			
Dose 3			
<b>AND</b>			
Serology: anti-HBs	Result	mIU/mL	
	Result	mIU/mL	
Serology: anti-HBc	Positive	Negative	
<b>Measles, Mumps and Rubella (MMR) vaccine</b>			
<small>2 doses MMR vaccine at least 1 month apart OR positive serology for measles, mumps and rubella OR birth date before 1969</small>			
Dose 1			
Dose 2			
<b>OR</b>			
Serology Measles	IgG Result		
Serology Mumps	IgG Result		
Serology Rubella	IgG Result		
<b>Varicella vaccine (age appropriate course of vaccination OR positive serology OR history of chicken pox/shingles)</b>			
Dose 1			
Dose 2			
<small>OR (please tick) History of chicken pox <input type="checkbox"/> Date: / / or physician diagnosed shingles <input type="checkbox"/></small>			
OR Serology Varicella	IgG Result		
TB Screening	Date	YES NO (please circle)	Given by/Read by (clinical practice stamp, full name and signature)
<b>Requires TB Screening?</b>			
<b>Tuberculin Skin Test (Mantoux)</b>			
Skin Test Reading	Induration	mm	
Skin Test Reading	Induration	mm	
Skin Test Reading	Induration	mm	
<b>Other TB Investigations (including chest X ray)</b>			

Revised January 2014

## Where to find records - sources of information

- Vaccination Record Card for Health Workers and Students – with personal details completed
- Baby Blue Book (if born in Australia)
- Local Health District Public Health Units (for High School records). You will need to contact the Public health Unit nearest your high school not your home address.
- Australian Childhood Immunisation Register (Australian residents), to be known as Australian Immunisation Register (AIR) from 30 September 2016. These can be access on line by the vaccinated individual or the GP using the student's Medicare number.
- General Practitioner (GP) - Family GPs are a good source of vaccination records
