

Follow – up Student Compliance Assessments by email

SESLHD-StudentCompliance@health.nsw.gov.au

Students (except those enrolled at non-Sydney campuses) must have attended a Bulk Compliance session on campus for their first/initial assessment.

Documentation may be emailed to SESLHD-StudentCompliance@health.nsw.gov.au for a secondary, follow-up assessment only.

Where documents are emailed, (either by the Education Provider or student/facilitator themselves):

- The student ID No. and surname must be in the Subject field
 - The student ID card must be included every time documentation is sent
 - Where possible, the receipt for your primary assessment should be provided
 - The name on the police check must match the student/employee card and ClinConnect unless a marriage certificate or change of name certificate is also included
 - All scanned copies must be in colour and readable
 - All Police Checks must be in PDF format
 - Students MUST send their documentation from their Education Provider issued email address if one was issued otherwise it MUST be sent from the email address that they registered with their Education Provider (which would therefore be the one recorded in ClinConnect)
 - NSW Health reserves the right to reject any documentation that cannot be verified authentically.
-
